Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of the changes your LEA has put in place. LEAs are strongly encouraged to provide descriptions that do not exceed 300 words.

Provide an overview explaining the changes to program offerings that the LEA has made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families.

Oak View School has shifted to an independent study instructional model during the COVID-19 emergency. Students were assigned work packets on a weekly basis with academic support given by teachers through the use of live stream meetings, phone calls, conference calls, text messaging, and online posts and emailing of pre-recorded videos. Teachers reviewed completed work weekly which would drive instruction for the following week and allow for feedback to students and parents on academic progress. Teachers and staff provided emotional and social support by connecting with students weekly through phone calls, email, text messages and online meeting platforms. All District/School communication to families was delivered through emails, phone calls, letters home in student work packets and posting to school website.

Provide a description of how the LEA is meeting the needs of its English learners, foster youth and low-income students.

Oak View School has continued to support English learners, foster youth and low-income students by providing additional support to students and families through the use of bilingual teachers/staff and intervention support teachers providing weekly instructional support through phone calls, online meeting platforms, email, and instructional videos. Community resources were also available to families needing additional emotional and and financial support.

Provide a description of the steps that have been taken by the LEA to continue delivering high-quality distance learning opportunities.

Oak View School initially delivered activities and resources to students online and through work packets while a digital inventory of students/families was collected to determine the device and connectivity needs of students at home. Instructional delivery then transitioned to an independent study model with required weekly work packets with instructional and emotional support given by teachers/staff through various methods of delivery. The school site also opened a guest network daily on site for families to access the Internet.

Provide a description of the steps that have been taken by the LEA to provide school meals while maintaining social distancing practices.

Oak View School provided resources to families of local school sites providing meals to all students.

Provide a description of the steps that have been taken by the LEA to arrange for supervision of students during ordinary school hours.

Oak View School provided resources to families of local school sites and agencies that are offering child care services, as needed.
